

Kresky Signs, Inc.

Since 1951

Our Company

For over 60 years, our family owned business has specialized in providing signage to the transportation and construction industries, home security firms, government agencies, and utility companies.

Our 40,000+ square foot design and manufacturing facility combines the proven techniques of yesteryear's master craftsmen with today's high technology processes and methods. Some of these processes include: screen printing, metal fabrication, baked enamel applications, thermal die cutting, digital printing and computer cut graphics.

Kresky Signs' slogan, *Our reputation is on the line with every sign*, reflects our dedication to producing the longest lasting, highest quality, most durable products available in the market place today. We continually meet the highest government and industry standards and are committed to fulfilling our customers' demands for competitive pricing, quality products, and superb customer service.

We know how important the return on your investment is to your bottom line and we take this responsibility very seriously. Our long term customers are a testament to our commitment to deliver the highest impact, best quality signage for the fewest advertising dollars.
